DESERET EVENING NEWS.

TRUTH AND LIBERTY

FRIDAY, JUNE 26, 1903. SALT LAKE CITY, UTAH.

FIFTY-THIRD YEAR.

PART TWO.

A RACE RIOT IN WILMINGTON

Marching Negroes Challenged by
White Men.

FIRE OVER HUNDRED SHOTS

Squad of Police Rushed to Scene and
Charged Mob—Clubs Freely Used—
Some Arrests Made.

Wilmington, Del., June 25.—A riot broke out on the streets here late tonight between whites and negroes, which for a time assumed serious proportions. The arrival of a squad of police, however, quickly dispersed the participants. Two arrests were made.

A large gang of negroes, numbering probably 200, who had been marching up and down Ninth street, were challenged by about 25 white men, and in the battle that followed over a hundred shots were exchanged.

A squad of police under Capt. Evans and Sergt. McDermott rushed to the scene and charged upon the mob. The negroes and whites scattered and fled in all directions, but the police succeeded in capturing two negroes—Leonard Moore and Joseph Shockey.

The police used their clubs freely and in the melee attendant upon the arrests Sergeant McDermott and Patrolman Green received slight wounds. One negro, James Mercer, was shot in the head during the riot, but his wound is not believed to be serious.

In a brawl in another part of the city William Cramer, a negro, was shot in the stomach by a white man. He was taken to a hospital in a serious condition.

The leaders of the party of negroes which was marching in Ninth street tonight declared that they intended to resist the attacks made upon members of their race last night. They say they have been badly abused and that they will not submit to such abuse. They say that they have no sympathy for White, the negro who was lynched, but that on the contrary most of the race in and about Wilmington approve of his lynching.

THE PACIFIC CABLE.

President Will Formally Open It
July Fourth.

Washington, June 25.—On the morning of the Fourth of July President Roosevelt will send from his Sagamore Hill home a message formally opening the Pacific cable to the Philippines. The message to be transmitted will be one of greetings and congratulations to Gov. Taft. A return message will be sent by Gov. Taft.

MICHIGAN'S LUCRETIA BORGIA
Her Examination Begun Before Justice Kellogg.

Kalamazoo, Mich., June 25.—The examination of Mrs. Mary McKnight, who, according to Prosecuting Attorney Smith, confessed to him that she poisoned her brother, Joseph Murphy and his wife and baby, was begun today before Justice Kellogg.

R. A. O'Neill Arrested for Murder
Los Angeles, Cal., June 25.—Sheriff White has received notice by telegraph from some point in Indian Territory, which he refuses to disclose, of the arrest of R. A. O'Neill, wanted here for the brutal murder of George L. Mills in April last. Mills was a money broker who was lured into an unoccupied house in this city and killed. O'Neill disappeared about the time of the murder.

Judge McMillan on His Removal.
Denver, Colo., June 25.—The Rocky Mountain News prints a statement

from Judge McMillan of New Mexico regarding his removal from office. Said he:

"I am surprised at the outcome of my case. When it was submitted in April I was satisfied I had established a complete vindication. I never had charge of a matter where every point in controversy had been more thoroughly met and answered."

"The judge very bitterly attacked the character of some of the witnesses against him and declared that disappointed ambition had much to do with the charges against him. He said: 'I believe Atty. Gen. Knox intended to be eminently fair and just, but the assistants in the department were filled with prejudice against me by one of my opponents.'"

The judge declared that he would not allow the snitch upon his character, to stand, adding:

"When Congress convenes I shall ask the senate to send for the record and to pass upon the question whether it contains anything to justify the decision."

Quarantine for Smallpox.

Portland, Ore., June 25.—A gang of 1,600 employed by the Meyerhauser Timber company, is quarantined with smallpox at Yacult and Garner, Wash., about 31 miles above Vancouver, on the Portland, Vancouver & Yakima railroad.

These men were sent out by the timber company to begin work on the construction of logging roads into the interior. The malady secured a foothold in the camps and the crews of workmen are now held in the district where they reside, pending the recovery of those not suffering from smallpox. A pesthouse has been established by the company at Yacult and the affected men are being carried to that point. It is expected that in this manner the disease may be kept within bounds.

Better Sewerage for New Orleans.

New Orleans, June 25.—With formal ceremony today in the presence of a large assembly of citizens, Mayor Paul Capelle turned the first spadeful of earth in the work of constructing the vast system of sewerage, water and drainage, which is to place New Orleans abreast of the best sanitarized cities of the world and which is to cost, roughly estimated, \$13,000,000. The great undertaking is to be finally completed within five years.

Board of Conciliation Meets.

Wilkesbarre, Pa., June 25.—The board of conciliation which at the suggestion of the late anthracite strike commission was created for the purpose of adjusting any grievances which may arise between operators and their employees in the hard coal regions, and which is from each side, met here today and organized. William L. Connor of Scranton, one of the operators' representatives, was chosen chairman, and Thomas D. Nichols president of District No. 1, United Mine Workers of America, was elected secretary of the board.

The meeting was harmonious, and rules were adopted to govern the sessions. From present indications, there will be no need to call in an umpire to settle any disagreements among members of the board, as both sides are proceeding with the work in a reasonable and just manner. After organizing, the rules to govern were adopted and this was followed by an informal discussion of the grievances pending. The meeting adjourned to assemble here again on Thursday next, when various grievances will be taken up. The sessions were private.

The operators' representatives deny that they will raise any objection to John Mitchell appearing before the board in the interests of the mine workers. Mr. Connor said: "The miners have the privilege of selecting Mr. Mitchell or anyone else to represent them at the meeting."

RAISER TO PRESIDENT.

Praises Condition of American
Squadron at Kiel.

Washington, June 25.—President Roosevelt today received the following cablegram from Emperor William: "Kiel, June 25.—President of the United States of America, Washington: On my arrival at Kiel I was welcomed by a fine American squadron and had the pleasure of receiving Admiral Cotton and his captains. It was a very happy and kind inspiration on your part to send the squadron to Kiel for the week, and thanks to this fact, I was able to inspect the magnificent fleet of the American navy, which was able to compliment the captain on the exceptionally good state of efficiency."

PRESIDENT ROOSEVELT AT THE "SUMMER WHITE HOUSE."

President Roosevelt, after several months of the most strenuous life given over to traveling from one end of the country to the other, is now quietly settled for the summer at his beautiful home at Oyster Bay, on Long Island, which has very appropriately been dubbed the "Summer White House." When the president is not scouring the adjacent country on horseback or enjoying himself with his boys on the water his favorite diversion consists of reading on the spacious veranda of his residence.

and neatness of the ship and the fine appearance of the brilliant crew.

"With the expression of my warmest thanks, I assure you that the squadron is warmly welcomed here and will, I trust, make an agreeable stay. Everybody will vie with each other to make them feel at home, in response to the kind and friendly reception of my brother by the citizens of the United States."

WILLIAM, I. R."

Slaveholder Out on Bail.

Birmingham, Ala., June 25.—United States Commissioner Wilson today fixed the bond of G. E. Winter, who is charged with keeping Nellie Fields, a negro girl, in involuntary servitude near Brookside, Ala., at \$2,000 for his appearance before the federal grand jury.

CARS RUN IN RICHMOND.

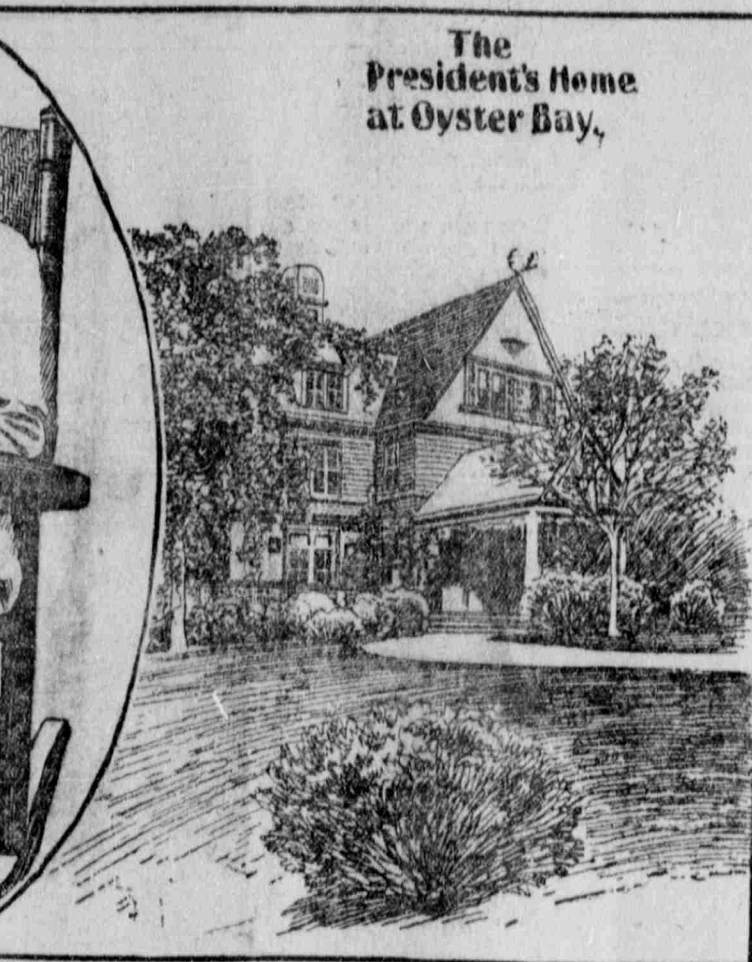

On Each One Were Six or Eight Militiamen.

Richmond, Va., June 25.—Street cars were run on three of the city lines this afternoon and are running tonight so far without serious molestation. On each car were four, six or eight militiamen with rifles loaded and bayonets fixed. Strong guards of militiamen were on duty during the day at all the powerhouses and car barns, including the west end barn in Henrico county. Stringent orders were issued by the authorities today with the object of maintaining order, women and children being asked to remain at home as far as possible, and the troops being specifically directed to shoot promptly, and to kill if necessary to prevent destruction of property or peril to life or limb.

Arrests are made on the slightest provocation and altogether what is very nearly martial law is being enforced. There were some slight outbreaks of disorder. A volley was fired over the heads of a riotous crowd by a squad of troops on a car, but tonight the cars are running over the whole extent of the several lines and no rioting of any consequence has been reported from any part of the city.

Unseemly Clash Over President.

Oyster Bay, L. I., June 25.—An unseemly clash has been feared between rival committees of citizens on the occasion of the reception to President Roosevelt on Saturday, but it is now hoped everything will be smoothed over.

The President's Home at Oyster Bay.

and the celebration attending the president's home coming will not be marred by the dissensions of rival parties.

The original intention was to have a joint celebration of the president's return and the 25th anniversary of the settlement of the village. This was abandoned because President Roosevelt found it would be impossible to return on June 23, the date set. Not satisfied with the abandonment of the double celebration, big posters have been put out by the committee calling on the citizens to attend the 25th anniversary Saturday morning. Both committees will have a brass band at the station to meet the president. It is hoped one will be prevailed upon not to play. President Roosevelt is a member of the board of trade and it is generally thought proper that the board should have charge of the reception.

Chicago, June 25.—The South Chicago plant of the Illinois Steel company yesterday turned out 1,894 tons of steel rails, breaking the world's record, which had been 1,782 for a day's work. Woman Arrested for Murder.

Chicago, June 25.—A dispatch to the Chronicle from New Orleans says: Mrs. Mary Patterson is under arrest at New Orleans, charged with murder. The woman became hysterical at her stepchild, a little girl of 10 years, and after beating her tied her in a corn sack and suspended her to a limb of a tree. She then made a fire beneath the tree and piled on a lot of paper to intensify the heat and smoke. The sack caught fire and the body, falling out, burned to a crisp.

St. Louis, June 25.—James P. McCann, owners of race horses and well known in turf circles, has been missing from his home since June 15, and P. Toledo, O., June 25.—The preliminary hearing in the cases of the government against George E. Lorenz and his wife, Martha J. Lorenz, which was to have occurred this afternoon, was postponed until next Tuesday upon the motion of the attorney for the defense on the ground that a copy of the indictment had not been furnished to the defense.

Safe Crackers Interrupted.

Portland, Ore., June 25.—Just before midnight last night two safe crackers were interrupted in an attempt to open a large safe containing about \$1,000 in a mill near the union depot. As the night watchman was making his hourly rounds, he discovered two men in the mill office at work on the safe and notified the police. The building and the neighborhood were thoroughly searched but no traces of the thugs could be found except a hammer and a piece of candle, which they had left in haste of escape.

CAPTAINS OF THE OPPOSING YACHTS IN THE CUP RACES.

Captain Charles Barr, who will command the Reliance in the coming contests for the America's cup, has twice before been in charge of cup defenders. In 1890 he defeated the Shamrock I, with the Columbia and two years later beat the new Constitution for the honor of defending the cup, although his boat, the Columbia, was generally thought to be outclassed by the later Herreshoff creation. But he "made good" in the cup races by defeating the Shamrock II, in three straight heats. Captain Robert Wringe of the Shamrock III, is an old yachtsman, but the Shamrock III, is his first command in the way of a cup challenger. His predecessor on the Shamrock, Captain Sycamore, is now mayor of Brightline, and if Captain Wringe should succeed in "lifting" the cup it is said that his townspeople will elect him to succeed Sycamore.
